Kavikulguru Kalidas Sanskrit University is the first university to start a BA Civil Services course based on the curriculam of Civil Services. Dr. Pankaj Chande, Hon'ble Founder Vice-Chancellor, KKSU with the main objective of getting Marathi children from Maharashtra to crack the Maharashtra Public Service Commission (MPSC) and Central Public Service Commission (CPSC) examinations and join the administrative services, has started B.A in Civil Services. The Civil Services course was created. This course, which was started in 2004, received a good response from all over Maharashtra. The university also started a competitive examination guidance centre for further preparation of competitive examinations. The vision behind starting this course was that the entry of Marathi children into the administration service is a great opportunity to develop administrative skills, leadership, efficient administrators in the state or central government along with hands-on experience working in administration. Students who have passed this course conducted by the university have not only studied for the Public Service Commission examinations and cleared various examinations but have also been appointed to important posts.

Bhushan Karde of Chhatraveer Sambhaji Raje College of Administrative Services has cleared the Maharashtra Public Service Commission Examination. He passed all three exams namely Police Sub Inspector, Sales Tax Inspector, Assistant Section Officer in Ministry. It is almost difficult and rare for a single candidate to clear all three exams. But this history was made by Bhushan, who came from Gadchiroli district, a tribal Naxal-hit area like Amgaon, Taluka Chamorshi. In extreme conditions, he spent his time in solitary confinement on a farm during the Corona period, studying for the Public Service Commission examination. He was successful in his painstaking hardcore study to crack the civil services.

Bhushan is currently undergoing training at the Maharashtra Police Academy in Nashik. Hon'ble Vice Chancellor Prof. Hareram Tripathi has greeted and extended wishes Bhushan for his future endeavour. After this stupendous success of Bhushan has become the ambassador of the civil services curriculum.

Rohini Naglot, a student of Renukadevi College, has been selected for the water conservation department. Rohini also completed her B.A. Completion of civil course and competitive examination. With the golden success of these two students, it seems that Kalidas Sanskrit University has succeeded in the purpose for which this course was started. It is our wish that more and more students will clear the Public Service Commission exams with the help of this course and join the administration to pave the way for a developed India!
